

A flood can happen anywhere, anytime.

Most property policies don't cover floods.

Is your home protected?

Did you know that 25% of all flood claims occur in low-to moderate-risk areas? No home is completely safe.

You can't depend on homeowners insurance — or any other property policy — to protect your property from flood damage. But you may qualify to purchase a Preferred Risk Flood Insurance Policy through Allstate if you live in a community that has joined the National Flood Insurance Program.
